Safety and Health Policy

Egan Drilling is committed to ensuring the safety and health of its employees. We will work safely in an environment that promotes the health and wellbeing of all employees.

In support of this policy, management accepts the responsibility for the prevention of accidents, through the identification and elimination of workplace hazards and the promotion of safety awareness among their employees and contractors.

Egan Drilling will abide by all statutory Acts and Regulations as a minimum standard and will strive to maintain a level of safety that extends well beyond the legal requirements.

To consistently achieve this aim, the company will;

- Provide all employees and contractors with a safe and healthy working environment.
- Reduce or eliminate the number of incident, accidents and injuries
- Provide training to all site personnel to assist them in carrying out their work in a safe and healthy manner.
- Ensure that Supervisory personnel understand and accept their responsibility for preventing injuries to the people they supervise,
- Ensure that all employees accept their responsibility to work safely and to extend this concern to other employees,
- Ensure that equipment and processes in both new and existing operations be properly designed, maintained and operated to ensure compliance with safety and health requirements,
- Investigate accidents and incidents thoroughly to prevent their recurrence,
- Comply with all relevant laws and regulations.

Egan Drilling encourage employee participation in all matters affecting the safety and health of our people and invite suggestions from our work force of ways in which safety can be improved.

General Manager
Glenn Summerfield
