

Quality Management Policy		
EDS-POL-15	Next Review Due : 10/01/2020	Page 1

Quality Management Policy

Egan Drilling Quality Management Policy is provided to assist the Company achieve sustained, profitable growth by the provision of Drilling Services which consistently satisfy the needs and expectations of our clients.

This level of quality may only be achieved through the adoption of a system, which reflects the competence of the Company to its existing and potential clients, whilst also introducing innovating new products, design and services for our industry.

The quality and reliability of the Company's operations are the concern of every person within the organisation. Achievement of this policy is dependent on all employees, who are individually responsible for the quality of their work, resulting in continual improvement to the work environment for all.

It is a requirement of this policy that all staff, including casual, part-time and contract employees become familiar with the Egan Drilling quality requirements. They must then ensure that those requirements and their intent are satisfied.

Implementation of the quality management policy will ensure;

- A framework for establishing and reviewing improvements are provided.
- The company is compliant with statutory and regulatory requirements.
- Improvement in the general quality of our services.
- Ongoing and increased client satisfaction.
- Apply high standards for well maintained, efficient and innovative equipment.
- Reduction in drilling operational problems.
- Increased pride in the Company and a team spirit based on performance.
